

## AIG Travel Medical Risk Map

Easily view health-related issues and country risk ratings across the world

This interactive map educates travelers on health-related concerns, precautions and requirements for 196 destinations. Features include the ability to:

- Review medical risk ratings (ranging from minor to extreme) within each country
- View detailed risk indicators across a range of health categories:
  - ▶ Vaccinations
  - ▶ Malaria risk
  - ▶ Zika risk
  - ▶ Drinking water
  - ▶ Risk from insect bites
  - ▶ Risk for pregnant women
  - ▶ Pharmacies
  - ▶ Medical facilities

The medical risk map works in conjunction with the travel health reports, which contain detailed information on travel preparation, overall wellness and prevention tips; in addition to the personalized travel health trip profiles. Simply log in to the AIG Travel Assistance Website\* and visit the Health section to access the map.

Contact your agent, broker or AIG representative to learn more.

\*You must be a registered user to access the English-language medical risk map from the secure desktop or mobile-friendly travel assistance website (not available on the mobile app).
